Aim

In this project I am to practice R markdown features.

I would like to:

- 1- Understand R markdown
- 2- learn new things
- 3- create a nice document

Theme

To change the theme of the document I am using Prettydocs

Codes

I am including a code below.

```
# I am including this comment as code chunk.  
# Hello World!
```

Tables

Table 1: ChickWeight

weight	Time	Chick	Diet
42	0	1	1
51	2	1	1
59	4	1	1
64	6	1	1
76	8	1	1

Plots

I include 1 plot. It needs to:

- be aligned
- have a size of 70%
- hide the codes creating the plot
- hide warning message
